Swarfega®

PRODUCT GUIDE

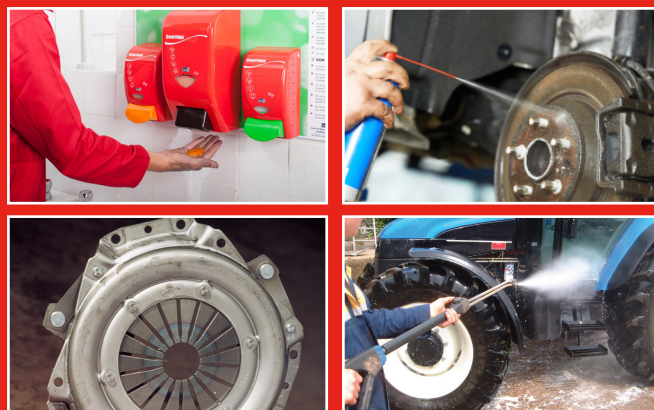

SKIN CARE • VEHICLE CLEANING • DEGREASING & MAINTENANCE

Swarfega

Part of the SC Johnson Professional® family, Swarfega® brings over 70 years of recognised product excellence. The comprehensive range of skin care, degreasing, maintenance, surface cleaning and vehicle cleaning products, is tough enough for any task time and time again.

Born from the iconic green gel, the Swarfega® brand has been trusted for generations by the toughest trades and has grown to a range of over 40 specialist cleaning products.

In the workplace many potential causes of occupational skin disorders are readily found. Amongst these contaminants are oil, fuel, grease, abrasives, solvents, cleaning chemicals and refinishing paints, all of which could lead to skin irritation and occupational dermatitis if skin is not sufficiently protected.

Skin Care Systems

Using a 3 Step Swarfega® Skin Care System can help employees maintain their skin in good condition and help retain its protective function.

Step 1: **PROTECT**

Swarfega® Protect helps protect the skin against contact with potentially harmful contaminants and makes skins easier to clean. For use before each work period.

Step 2: **CLEANSE**

Washing your hands regularly with any of the range of Swarfega® hand cleaners prevents the build-up of soiling and reduces contact time with contaminants.

Step 3: **RESTORE**

Swarfega® Restore helps keep the skin supple and healthy by replacing the skin's natural oils and restoring its moisture balance. Use at the end of each work period.

Step 1: **PROTECT**

Swarfega® Protect

Perfume-free, non-greasy pre-work skin cream to help protect against contact with water and non-water based contaminants. Can be used with nitrile and latex gloves.

Code	Description
SPRILC	1L Cartridge x 6
SWA1000D	1L Dispenser x 1

Step 2: **CLEANSE**

Swarfega® Orange

Advanced formulation hand cleaner with cornmeal, for a deep-down cleaning action and with added moisturiser. Removes ingrained oil, grease and general grime.

Code	Description

Swarfega® Black Box Wipes

Heavy duty hand cleaning wipes to remove paints, seam sealers and resins for use in the bodyshop or at the mobile workstation.

Code	Description
SBB150W	150 Wipes Pail

Vehicle Cleaning

Regular vehicle cleaning helps to maintain appearance and removes damaging road grime, such as salts, which can affect the vehicles' surface. Use a Traffic Film Remover (TFR) to help protect the surface.

Swarfega® Formula

Multi-purpose TFR with wax effect finish, to remove medium to heavy soilings from general road grime. Use neat through pressure cleaning machinery. (Recommended final machine dilution rate = 0.5-2.0%)

Code	Description
PFO25L	25L Drum
PFO200L	200L Drum

Swarfega® Super

Heavy duty degreaser and TFR for use on all plant and commercial vehicles, as well as engines, chassis and components. For heavy soilings use neat through pressure cleaning machinery. For lighter soilings pre-dilute first - 25 litres of Powerwash Super makes 200 litres of ready to use product. (Recommended final machine dilution rate = 0.5-2.0%).

Code	Description
PSU25L	25L Drum
PSU200L	200L Drum

Swarfega® Powerwash Ultra-Concentrate

Highly concentrated TFR for use on all vehicles to remove light to medium soilings. Contents of pack make 25 litres of ready to use product. Use neat through pressure cleaning machinery. (Recommended final machine dilution rate = 0.5-2.0%)

Code	Description
PUC25L	2.5L Bottle

Degreasing & Maintenance

It is important to degrease and maintain regularly to: Improve efficiency and effectiveness of parts and components | Reduce ongoing maintenance and repair costs | Meet ongoing vehicle maintenance legislation requirements | Keep engines, machinery, components, equipment and plant working.

Swarfega® Jizer

Parts degreaser that will quickly dissolve heavy deposits of mineral oil, grease, tar, bitumen and waxes. Can be used for removing oil and grease marks from many floor surfaces, tar spots and oil from body work and cleaning paint brushes.

Code	Description
SJZ500ML	500ml Aerosol
SJZ5L	5L Tin
SJZ25L	25L Drum

Swarfega® Duck Oil

A silicone-free, non-conductive, multi-purpose service spray. Exceptionally low surface tension means it can easily penetrate, lubricate and protect with no need to dismantle machinery and parts.

Code	Description
SDO500ML	500ml Aerosol
SDO5L	5L Tin
SDO25L	25L Drum

Swarfega® Stop Quick

A highly effective, quick drying brake and clutch cleaner. The low surface tension of this specialist formulation allows it to rapidly disperse across surfaces, to dampen and absorb brake dust and particles.

Code	Description
SSQ500ML	500ml Aerosol
SSQ5L	5L Tin

Swarfega® Jizer Bio

A powerful water-based degreasing formulation that removes heavy grease and oil from machines, components and floors. Can be used on a variety of surfaces.

Code	Description
JIB60K	5L Tin
JIB76R	25L Drum

Swarfega® Marinol

Bilge, tank and deck wash cleaner to remove grease, oil, fats and algae. Dilute with fresh or sea water.

Code	Description
MMR76F	25L Drum
