

KIWI®

The World's No 1 Shoe Polish

Kiwi® Shoe Polish Black 38g

Kiwi Shoe Polish in Black. Since 1906. The Worlds Number 1 Shoe Polish. Shines, Nourishes & Protects

Kiwi® Buffing Brush

KIWI® Horse Hair Buffing Brush uses high quality natural bristles to give your shoes a brilliant shine and glossy finish.

Use Instructions:

HOW TO POLISH SHOES TO THE BEST SHINE

STEP 1 - Apply polish with a cloth.

STEP 2 – Allow polish to dry.

STEP 3 - Buff to a gloss with buffing brush.

STEP 4 - For an extra high shine, apply another light coat of polish, sprinkle with water and buff with a soft cloth.

STEP 5 - For best results, weekly reapplication is recommended.

STORAGE AND DISPOSAL

Storage: Make sure that containers of this product are kept tightly closed. Keep containers dry and away from water.

Disposal: Dispose of small quantities and empty containers by wrapping with paper and putting in garbage. For larger quantities, if recycling or reclaiming is not possible, use a commercial waste disposal service.

Precautionary Statement:

- Follow the care instructions for the item you intend to treat.
- If in any doubt, patch test KIWI® products in an inconspicuous area before treating the whole item.
- Protect your clothing, carpets and furniture before using KIWI® products.

FIRST AID: General Information: You should call The Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 1126 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times.

Inhalation: First aid is not generally required. If in doubt, contact a Poisons Information Centre or a doctor. Skin Contact: Gently brush away excess particles. Irritation is unlikely. However, if irritation does occur, flush with lukewarm, gently flowing water for 5 minutes or until chemical is removed.

Eye Contact: Quickly and gently brush particles from eyes. No effects expected. If irritation does occur, flush contaminated eye(s) with lukewarm, gently flowing water for 5 minutes or until the product is removed. Obtain medical advice if irritation becomes painful or lasts more than a few minutes. Take special care if exposed person is wearing contact lenses.

Ingestion: If product is swallowed or gets in mouth, do NOT induce vomiting; wash mouth with water and give some water to drink. If symptoms develop, or if in doubt contact a Poisons Information Centre or a doctor.

PRODUCT WARNINGS H228: Flammable solid.

ESSENTIAL SAFETY P337: If eye irritation persists: seek medical attention. P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P370+P378: In case of fire: Suitable extinguishing media are carbon dioxide, dry chemical, foam, water fog.

FLAMMABLE WARNING Class 4.1: Flammable solids.
