USE INSTRUCTIONS

Refer to label for complete use instructions.

EFFECTIVE AGAINST:

ACID TOILET BOWL CLEANER

When used as directed, product demonstrates effective disinfection against: Staphylococcus aureus, Staphylococcus aureus-Methicillin Resistant (MRSA), Enterococcus faecalis - Vancomycin Resistant (VRE) and Salmonella enterica. Efficacy tests have demonstrated it to be an effective one-step toilet bowl cleaner disinfectant in the presence of organic soil (5% blood serum).

NON-ACID BOWL & BATHROOM CLEANER

When used as directed, product demonstrates effective disinfection against: Mycobacterium tuberculosis (BCG) at 20°C, Staphylococcus aureus, Staphylococcus aureus-Methicillin Resistant (MRSA), Salmonella choleraesuis, Pseudomonas aeruginosa, Enterococcus faecalis-Vancomycin Resistant (VRE), Staphylococcus aureus-Glycopeptide Resistant (GRSA), and Escherichia coli (O157:H7)

SAFETY PRACTICES TO FOLLOW

It's good business practice to assure that your employees have read and understood the product labels and Safety Data Sheet before using this product. The label use directions and SDS contain important hazard warnings, precautionary statements and first aid procedures. This information is available on-line at www.scjp.com or by calling 800-248-7190. Wear personal protective equipment, chemical-resistant gloves and chemical splash goggles, when dispensing concentrates. Improper use of product may damage surfaces and may result in physical harm to the user.
