# CUSTOM DISPENSER PROCESS

1. Submit a design request through the website, [www.scjp.com/pickandmix](http://www.scjp.com/pickandmix)  
A PNG format file of the logo or graphic you wish to use on the dispenser will be needed. You can upload the logo you wish to use on the pick and mix website, or you can also send a high-res vector (.eps or .ai) logo to [CustomDispenser.proUS@scj.com](mailto:CustomDispenser.proUS@scj.com) if available.
2. A template proof is created and sent out by email within 5 business days to requestor for approval. We can provide a digital proof upon request at this stage.  
If any edits are required, please communicate them back to the design team before proceeding forward.
3. Once the Customer approves the design, the Customer sends a PO and signed Template Proof to [cs.healthcareUS@scj.com](mailto:cs.healthcareUS@scj.com) (Healthcare Customers) or [cs.proUS@scj.com](mailto:cs.proUS@scj.com) (all other business) including:
  - Signed template proof
  - The dispensers should be placed on a separate PO with a shipping date respecting the lead time indicated in the table below.
  - In description on PO indicate the end user custom dispenser name. (ex. 1L SC JOHNSON PROFESSIONAL CUSTOM DISPENSER)
4. Lead time starts only once order and signed proof are received.
5. Customer service enters PO after the new item number is set up. Confirmation is sent back to the customer with the newly created item number. This process may take up to 14 days but will not delay the custom dispenser order.
6. Dispensers will be combined to a future order or sent as soon as they are available.
7. For non-stock items please place orders with the non-stock item number.

Dispenser Type	Minimum Order Quantity	Lead Time*
1 Liter (15 per case)	225 units	7-8 weeks
2 Liter (8 per case)	200 units	13-15 weeks
TF Ultra (8 per case)	144 units	7-8 weeks

*\*Lead time may be increased for orders over 1000 dispensers*
