PROLINE® QUICKVIEW™ DISPENSER SYSTEM

SC Johnson Professional® Healthcare

PROTECTING THE PATIENT, CAREGIVER,
AND THE HEALTHCARE ENVIRONMENT

WHAT MAKES PROLINE® QUICKVIEW™ THE **EASY CHOICE?**

Our Proline® Quickview dispenser system is depended on by hospitals globally, supporting hand hygiene protocols that protect patients, workers, and the healthcare environment.

Using hygienically sealed cartridges, the QuickView dispenses a full range of soaps, sanitizers and creams.

Easy to secure with lockable covers preventing contamination or theft.

Easy to read expiration date and lot numbers through the side.

Easy to replenish cartridges in seconds, saving on both time and cost.

Easy to use with large, intuitive buttons.

Easy to maintain with no mess, no dripping or clogging of pumps.

Easy to install in any space. Wall mounted using adhesive pads or screws.

Hygienically sealed cartridge to prevent product contamination as compared to refillable dispensers.

Battery free our dispensers are battery free, reducing the risk of landfill contamination.

Cost savings no tedious and expensive batteries to replace and maintain.

THE MAIN **BENEFITS...**

ULTIMATE PRODUCT LEVEL **VISIBILITY**

The QuickView dispenser brings ultimate product level visibility for easy maintenance. The transparent design enables the fill level to be instantly and accurately visible from any angle. This reassures users that product is inside the dispenser; and helps staff know when cartridges need changing without opening the dispenser, to save time and cut maintenance costs.

BIOCOTE® **PROTECTED** PUSH BUTTON*

QuickView Dispensers buttons are uniquely protected with BioCote®, a silver-based antimicrobial agent that inhibits the growth of a broad spectrum of bacteria and molds. Reduces bacteria and mold on the surface of BioCote® treated button within as little as 2 hours and achieves up to 99.99% reduction over a 24-hour period. BioCote® technology is not a substitute for good hand hygiene practices. Utilizing hygienically sealed cartridges, SC Johnson Professional manual dispensers offer a clean experience from push to palm.

ROBUST, RELIABLE & GUARANTEED FOR LIFE

The QuickView dispenser is built to last and guaranteed for life. It is designed and rigorously tested for high usage environments to provide assurance of quality and longevity. Dispensers are guaranteed against normal wear and tear, subject to correct installation, usage and dispenser care. Other terms and conditions may apply.

* BioCote® is a registered trademark of Biocote Limited.

CUSTOM DISPENSER SERVICE

Make the dispenser your own using our unique custom design service. From adding your logo to creating a unique print design and choosing from our wide range of component colors, we can create a dispenser design just for you.
