EFFICACY

FEATURES	BENEFITS
Broad Spectrum Activity	Clinically proven to kill up to 99.9999% of many common organisms.
Healthcare Personnel Handwash	Tested in accordance with both the 1994 and 2015 FDA proposed clinical methods for Healthcare Personnel Handwash.
Demonstrated Performance	Benzalkonium Chloride 0.50% active ingredient demonstrates effectiveness against a wide range of organisms including MDRO's (multidrug resistant organisms) such as Acienobacter baumannii, CRE, MRSA, and VRE.

SAFETY & COMPLIANCE

FEATURES	BENEFITS
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.

USER EXPERIENCE

FEATURES	BENEFITS
Excellent Foam Quality	Rapidly and easily rubs across hand, providing the user with good control of the product to help prevent dripping and splashing. Rich foam is extremely pleasant for frequent use in healthcare setting, encouraging maximum compliance.
Non-drying formula	Independently tested and proven to maintain skin moisture to help keep the skin in good condition, even after frequent use.
Perfume-Free and Dye-Free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Mild Handwash	Designed for frequent use in healthcare settings.

Kindest Kare® **Advanced**

Antimicrobial Foaming Soap

STATUTORY REGULATIONS

This product is manufactured and labeled in compliance with the Federal Food, Drug and Cosmetic Act issued by the Food and Drug Administration (FDA).

SAFETY DATA SHEETS

Safety, Environmental, Handling, First Aid and Disposal information, please refer to the Safety Data Sheet which can be downloaded from SDS library on www.scjp.com

SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal sensitization after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

Repeat Washing Test/Non-drying formula

Assessment of the effects of Kindest Kare® Advanced Antimicrobial Foam Handwash using a repeated forearm washing test method over a 5 day period, showed that Kindest Kare Antimicrobial Foam Handwash did not impact skin moisture, visual dryness or visual erythema, significantly more than water alone or untreated skin.

Toxicological Approval

The product has been assessed by an independent toxicologist and has been declared to be safe for its intended use on the hands by children aged 3+ and adults, when used as directed.
