

Microsan® Optidose™

Foaming Alcohol Handrub
 Ethanol 70% v/v & Propyl alcohol 11%
 NPN 80115682

PRODUCT DESCRIPTION

Highly effective broad spectrum alcohol based hand sanitizer dispensed as a foam. Approved by Health Canada as meeting the Human-Use Antiseptic Drug requirements for professional healthcare use.

Incorporates the OPTIDOSE™ pump to deliver 1.5ml of product dispensed as a foam; enough to keep hands wet for 20-30 seconds and provide optimal hand coverage.

WHERE TO USE

For healthcare personnel hand hygiene in all healthcare environments where high levels of hand hygiene are vital.

WHEN TO USE

Use hand disinfectant as per the World Health Organizations '5 Moments of Hand Hygiene' recommendations.

HOW TO USE

- Apply one dose and spread across all parts of hands as per WHO 6 step application guideline for 20 to 30 or until dry
- Use as needed on clean, dry hands.
- Waterless antiseptics should not be used as a complete substitute for regular handwashing, but as a supplement.

FORMAT: **FOAM**

FEATURES	BENEFITS
Optimum 1.5ml Foam Pump	With one press of the dispenser, the unique Optidose pump provides 1.5ml of product dispensed as a foam; enough to keep hands wet for 20-30 seconds and provide optimal hand coverage
Broad spectrum activity	Highly effective formula kills up to 99.9% of bacteria and effective against all enveloped viruses and some (norovirus and rotavirus) but not all non-enveloped viruses. Effective against fungi. Not effective against mycobacteria.
Instant foam action - dispensed as a foam	Rapidly and easily rubs across hands, providing the user with complete control of the product, preventing the dripping and splashing associated with using liquid alcohol sanitizers.
Does not contain gelling agents	Unlike alcohol gel sanitizers, the product does not contain gelling agents that leave the hands feeling sticky, particularly after multiple use.
Pleasant-to-use	The rich foam is extremely pleasant for frequent use in-between hand washing, encouraging maximum compliance.
Perfume-Free and Dye-Free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
Contains skin moisturizer	Helps prevent drying and leaves the skin feeling smooth after use.
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
No mess	Does not clog pumps or splash and drip on surrounding floor and wall surfaces as associated with liquid and gel sanitizers.
ECOLOGO™ Certified¹	This product is certified to meet ECOLOGO UL 2783 Standard based on criteria for product formulation and manufacturing, and human health & environment toxicity. UL.com/EL.
No water required	Quickly dries on hands without the need for rinsing with water. Ideal for use outside the washroom at the point of need.
Convenient	Available in a range of sizes for use in different healthcare, workplace and public environments .
Glove compatible	Suitable for use with latex and nitrile gloves.
CHG compatible	Does not decrease the residual activity of CHG.

STATUTORY REGULATIONS

This product is manufactured, labeled and licensed in compliance with the Canadian Food, Drug & Cosmetic Act.

SC Johnson Professional products are tested to ensure they meet the quality requirements for registered products as per Health Canada regulations.

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to our Safety Data Sheet which can be downloaded from www.scjp.com.

INSTRUCTIONS FOR USE

For healthcare personnel hand hygiene. Use as needed on clean, dry hands. Apply 3 mL of product and rub thoroughly for 30 seconds or until dry. Allow product to evaporate completely prior to use in electrocautery procedures. Waterless antiseptics should not be used as a complete substitute for regular handwashing, but as a supplement.

SHELF LIFE

This product has a shelf life of 48 months from the date of manufacture when stored unopened at room temperature.

CERTIFICATIONS

ECOLOGO™ Certified

This product is certified to meet ECOLOGO UL 2783 Standard for Instant Hand Antiseptic Products. ECOLOGO certifications are voluntary, multiattribute, life cycle based environmental certifications that indicate a product has undergone scientific testing, auditing, or both, to confirm its compliance with such standard. ECOLOGO UL 2783 Standard sets criteria for product formulation and manufacturing, and human health & environment toxicity. For more information and to view the specific standard, visit UL.com/EL.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in our high quality products.

All finished goods are subject to quality testing before being shipped out to our customers.

COMPATIBILITY ASSURANCE

Glove Compatibility

In independent testing, the use of Microsan® Optidose™ in combination with reputable latex, vinyl and nitrile gloves does not have any deleterious effect on the glove tensile properties using BS EN 455-2:2009 test methodology.

CHG Compatibility

The compatibility of Microsan® Optidose™ with CHG was tested using a Health Care Personnel Hand Wash procedure. In this test, Microsan® Optidose™ did not significantly influence the efficacy of CHG (Bioscience Labs, 2010).

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in enclosed and repeat application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Product Safety Assessment

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use on hands when used as directed, meeting all relevant regulatory requirements.

Skin Hypoallergenic Risk Assessment

The perfume-free and dye-free formulation did not demonstrate potential for eliciting dermal sensitization after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

Handling Instructions

Use topical antiseptics safely. Always read the product instructions before use. Please refer to the label or SDS for safety information.
