

Refreshing the Foam Soap Experience

Pure Clean Innovation

From Invention to Perfection¹

To revolutionize something used for decades takes true ingenuity, determination and vision. Introducing the new Refresh™ foam soap line by SC Johnson Professional. Crafted with input from actual facility owners, cleaning professionals, fragrance experts, and users, the Refresh™ products are designed to deliver a pleasant experience to encourage hand washing.

Mild & Gentle Formulations

Specially formulated with one of the mildest preservatives, Refresh™ foam soaps contain added skin conditioners, making them pleasantly mild on the hands and suitable for all ages. Washing with just one pump removes over 99% of dirt and germs when used properly. Our readily biodegradable formulations leave skin silky-smooth with no sticky residue.

Signature Fragrances

Working with world-class fragrance designers, we created caring, fresh fragrances that customers like and remember. With a signature scent at the heart of each fragrance, Refresh™ foam soaps have been proven to leave hands softly scented with a luxurious feeling that customers notice.

Cost Efficiency

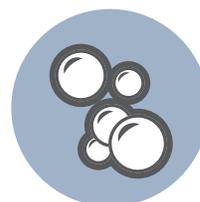

Compared to traditional lotion soap, just one pump of Refresh™ foam soap takes care of your hands and your bottom line³.

Save even more on maintenance costs by pairing Refresh™ soaps with our new transparent dispensers. The Quick-View™ feature allows accurate product visibility from any distance or angle, maximizing maintenance efficiency. Our dispensers are guaranteed*, quick to refill and easy to service.

Trust their Hands in our Hands

Whether in long-term care and acute care settings, patient rooms or nursing stations, the SC Johnson Professional product line promises the quality healthcare workers want and features that redefine foam soap expectations.

It's the soap they'll love from a brand you can trust.
