

CLEANING & HYGIENE SOLUTIONS FOR EDUCATION FACILITIES

SC Johnson Professional understands what is important to school custodians.
That's why we offer products that:

- ✓ Create efficiencies
- ✓ Simplify training
- ✓ Help control inventory costs

So you can focus on maintaining a clean school environment
for students, teachers, and guests.

RETHINKING THE PROFESSIONAL EXPERIENCE

SKIN CARE

- SC Johnson Professional skin care products help custodians:
- ✓ Encourage good hand hygiene practices that can help reduce the spread of germs
 - ✓ Provide hand hygiene solutions at key locations throughout the building
 - ✓ Control costs with dispensing systems

WHEN TO CHOOSE

- Great for restrooms and breakrooms for both students and staff
- Facilities needing multiple types of hand hygiene solutions for students, staff, and guests

Restrooms • Breakrooms
Entryways • Janitorial Closets

WHY TO CHOOSE

- Quickly and easily replace cartridges
- Transparent sides of our QuickView™ dispensers allows for accurate soap visibility
- Ultrasonically sealed cartridges to prevent contamination and ensure fresh product every time

WHEN TO CHOOSE

- Promote highly effective hand hygiene for students, staff, and guests
- Offer sanitizer options in high-traffic locations where there is no access to soap and water
- Utilize counter-mount or floor dispenser stands in locations where mounting to a wall is not an option

Classrooms • Hallways • Cafeterias • Entryways

WHY TO CHOOSE

- Offer both alcohol and non-alcohol sanitizer options
- Foam sanitizer allows more control over the product by preventing dripping and provides more hand washes than liquid hand sanitizer
- Contains skin conditioners to help prevent dryness

Refresh™ FOAM Soaps + QuickView™ Transparent Manual Dispensers

- Refresh™ FOAM Soap offers a fresh fragrance with broad appeal amongst users
- Pair with our QuickView™ Manual Dispensers, featuring transparent sides for soap visibility

Refresh™

FOAM SOAP

Refresh™ AntiBac FOAM

- An Invigorating Citrus fragrance with pleasant, fresh, and clean notes to elevate the restroom experience for every day use
- Mild Formulation: Dermatologist tested to verify and confirm this product does not elicit dermal irritation
- Contains Benzalkonium Chloride to deliver antimicrobial efficacy of 99.99% for a variety of Gram positive and Gram negative bacteria

ANTIBACTERIAL SOAP

AgroBac™ PURE FOAM Wash

- A highly effective perfume-free and dye-free antimicrobial foam hand soap
- Contains Benzalkonium Chloride to clean the hands and kill many common foodborne bacteria when used as directed

ANTIMICROBIAL SOAP

InstantFOAM Complete ^{PURE} + TouchFREE Ultra Dispenser

- A highly effective foaming hand sanitizer that kills 99.999% of most common germs in a matter of seconds when used as directed
- Pair with our TouchFREE Ultra Dispensers for easy placement in any facility

FOAM SANITIZER

InstantFOAM™ Non-Alcohol ^{PURE}

- A highly effective, perfume-free & dye-free, non-alcohol foaming hand sanitizer solution
- It's an ideal product for areas where flammable or alcohol-based products are a concern

FOAM SANITIZER

Touch-FREE Dispenser Stand

- Stylish dispenser stands that will help promote hand sanitizing
- Easy to assemble, with only three main parts
- Customize the stand header with your message or logos

SANITIZER STAND

SURFACE CARE

SC Johnson Professional surface care solutions help to:

- ✓ Have flexibility to choose the right chemistry for the right job
- ✓ Choose from a wide selection of products to clean a variety of spaces
- ✓ Reduce surface cleaner product inventory

WHEN TO CHOOSE

- Expansive facilities or campuses with multiple buildings
 - Locations that use a high volume of chemistry due to frequent cleaning or heavy use
 - Locations that are looking for ways to mix chemistries without exposing students and staff to concentrated chemistry
- Locker Rooms • Restrooms • Cafeterias

WHY TO CHOOSE

- Eliminates the need to connect to the building's water system
- No return trips to the supply closet - refills at any water source
- Closed system eliminates exposure to concentrated chemistry
- OSHA compliant labeling on every bottle

WHEN TO CHOOSE

- Smaller locations or locations that consume less chemistry
- Placement in classrooms and offices where teachers or other staff may need to complete periodic cleaning and disinfecting
- Dedicated chemistry for a specific job or task

Breakrooms • Administrative Offices • Classroom

WHY TO CHOOSE

- Brands familiar to students and staff
- A variety of chemistries for different applications
- Trusted efficacy for areas less frequently cleaned

TRU SHOT 2.0

Tested to last up to **250,000** trigger pulls

HIGH OUTPUT TRIGGER
DELIVERS 1.0CC OF DILUTED SOLUTION

ON-BOARD 10 FL. OZ. WATER RESERVOIR

UP TO **300 TRIGGER PULLS** BEFORE REFILLING

RUGGED BOTTLE CONSTRUCTION

WITHSTANDS **6 FT. DROP TEST**

SPILL-FREE CARTRIDGES

deliver from **13 to 43** in-use quart equivalents

PRE-LABELED CARTRIDGES

Ensure workplace labeling compliance with OSHA.

TRAIN CLEANING CREWS IN MINUTES

FILL AT ANY WATER SOURCE

GLASS & MULTI-SURFACE CLEANING

RESTROOM DISINFECTION

DEGREASING

GENERAL RESTROOM CLEANING

Windex® products mean so much more than glass. Our Windex® cleaners achieve a streak-free shine on stainless steel, chrome, tile, plastic and more.

Pledge® improves the appearance of most hard surfaces by removing dust and fingerprints and providing a protective, glossy coating without leaving a waxy buildup. Leaves a beautiful shine and refreshing scent.

Got grease? No problem! Our line of fantastik® and fantastik® MAX products cut through tough grease. Whether you want to disinfect, dissolve grime and dirt, or clean your oven & grill – fantastik® has you covered.

FLOOR CARE

SC Johnson Professional floor care systems help Custodians:

- ✓ Reduce complexity of floor care
- ✓ Manage floor care with custodial staff
- ✓ Minimize chemistries needed to complete floor care

WHEN TO CHOOSE

- Facilities that want to achieve a high gloss appearance with fewer coats
- Facilities that want a process that is achievable with their internal custodial staff
- Facilities experiencing labor constraints and may not have the capacity to perform a conventional strip out process

WHY TO CHOOSE

- Helps save time and labor costs by using the floor coating remover in an auto scrubber
- Helps achieve a durable, high-gloss shine with no more than 4 coats
- Eliminates the manual procedure of conventional floor stripping

WHEN TO CHOOSE

- Larger facilities with a variety of flooring substrates
- Locations where stripping hasn't been performed on a regular basis (years of finish build-up)
- Facilities that prefer to perform conventional strip-outs

WHY TO CHOOSE

- Stripper has a fast acting low odor formula quickly attacks multiples layers of old finish
- FlexiFilm Technology™ creates an extremely tough film that stands up to the rigors of a busy school
- Gloss level is quickly restored with multi-speed buffing
- Patented low foaming, low residue neutral cleaner
- Works on a variety of substrates eliminating the need for separate sealers, spray buffs and maintainers

ONE STRIPPER

Hyper Concentrate Floor Stripper

- Fast acting, high performance concentrate for efficient removal of most water-based polymer floor finishes
- May be diluted 1:8 to 1:24 to match stripping performance to task

ONE FINISH

Multi-Surface Floor Finish Plus Sealer

- FlexiFilm™ Technology is extremely tough and highly repairable
- Resistance to scuffs, black heel marks, and dirt embedment
- User-friendly and easy to apply

ONE CLEANER

Patented Heavy Duty Neutral pH Floor and Surface Cleaner:

- Specially formulated for daily cleaning and deep scrubbing
- Can be diluted from 1:32 to 1:512 for multiple applications
- Use on a variety of substrates
