

DISINFECTANT CLEANING PROCEDURES

PAY SPECIAL ATTENTION TO HIGH-RISK TOUCH POINTS WHEN CLEANING IN RESTROOMS OR GENERAL AREAS.

**STEP 1
GET STARTED**
Put on all personal protective equipment according to the label or SDS. Have all of the necessary cleaning products, protective equipment, signs, cleaning cloths and tools prepared.

**TH STEP 2
MAKE NOTE OF ALL HIGH TOUCH POINT AREAS IN THE FACILITY**
These are the areas frequently touched by occupants in the facility and can cause the spread of germs if not properly cleaned on a regular basis.

**TH STEP 3
APPLY DISINFECTANT ACCORDING TO LABEL DIRECTIONS**
Apply TruShot 2.0® disinfectant cleaner on virtually any hard, non-porous surface except for mirrors. Pay special attention to high-risk touch points such as:

- Doorknobs
- Faucets
- Counters
- Flush Handles
- Desks
- Food Processing Areas- Rinse with potable water after disinfection.

Let disinfectant cleaner dwell on surfaces and touch points according to contact time indicated on product label.

**TH STEP 4
CLEAN TOILETS AND URINALS.**
Apply SC Johnson Professional® Toilet Bowl cleaner. Brush interior surfaces (including under the rim) of bowls and urinals with a toilet brush or "Johnny mop" and product applied earlier.

Clean the dividers and adjacent walls with a damp cloth or sponge to remove soil with product applied earlier.

Wipe down outside of the toilets and urinals. Flush toilet to complete procedure.

Never use the same cleaning cloths or towels to clean bowls, urinals and other surfaces.

**TH STEP 5
CLEAN GARBAGE PAILS**
Dispose of waste. Wipe down and disinfect the outside of the garbage pails.

TH TARGETED HYGIENE
Frequent, targeted cleaning & disinfection of commonly touched surfaces is essential to effectively remove soils, dirt, germs and other contaminants. This reduces the risk of cross contamination through surface contact.

SAFETY PRACTICES TO FOLLOW: It's good practice to read and understand the product labels and Safety Data Sheet before using products. The label use directions and SDS contain important hazard warnings, precautionary statements and first aid procedures. This information is available on-line at www.scjp.com or by calling 800-248-7190. Improper use of product may damage surfaces and may result in physical harm to the end user. Use only as directed. Always read label and product information before use.
