

SC Johnson Professional™ Healthcare
PROTECTING THE PATIENT, CAREGIVER,
AND THE HEALTHCARE ENVIRONMENT

LONG-TERM CARE
PRODUCT PORTFOLIO
DESIGNED FOR THE TOTAL CONTINUUM OF CARE

THE 3 ELEMENTS FOR HAND HYGIENE BEST PRACTICE

1: WASH

Our range of effective foam and lotion hand wash products.

2: SANITIZE

Our 70% ethanol-based hand sanitizer kills up to 99.9% of bacteria and effective against all enveloped viruses and some non-enveloped viruses.*

3: MOISTURIZE

Our moisturizing hand creams nourish and condition to help maintain skin health.

*Highly effective formula kills up to 99.9% of bacteria and effective against all enveloped viruses and some (norovirus and rotavirus) but not all non-enveloped viruses. Effective against fungi.

Hand Sanitizers

Microsan® Alcohol Hand Sanitizer is the First Alcohol Hand Sanitizer approved by Health Canada to make virucidal claims under the Human-Use Antiseptic Drug requirements.

ALCOHOL BASED SANITIZERS

Microsan® Optidose™
Microsan Encore®

Kills up to 99.9% of bacteria	Effective against all enveloped viruses and some (norovirus and rotavirus) but not all non-enveloped viruses	Effective against fungi	Skin Hypoallergenic	No sticky after-feel	Perfume Free & Dye Free

¹ This product is certified to meet ECOLOGO® UL 2783 Standard for Instant Hand Antiseptic Products. ECOLOGO® certifications are voluntary, multiattribute, life cycle based environmental certifications that indicate a product has undergone scientific testing, auditing, or both, to confirm its compliance with such standard.

HAND SANITIZERS

Microsan® Optidose™
Foaming Alcohol Handrub
Ethanol 70% v/v & Propyl alcohol 11%

- Highly effective formula kills up to 99.9% of bacteria and effective against all enveloped viruses and some (norovirus and rotavirus) but not all non-enveloped viruses. Effective against fungi.
- With one press of the dispenser, the unique Optidose™ pump provides 1.5ml of product dispensed as a foam; enough to keep hands wet for 20-30 seconds and provide optimal hand coverage
 - **Perfume-Free and Dye-Free formula** is designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added
 - **Skin Hypoallergenic**, dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin
 - **Added moisturizers** to help prevent drying and leave the skin feeling smooth after use

Reduce your water consumption with one small change.

THE BENEFITS OF FOAM SOAP

Hand Wash
Our range of effective foam and lotion hand wash products are available in perfumed and perfume-free formats and suitable for frequent use.

36%
less product required³

upto **45%**
less water required during handwashing³

30%
more hand washes per litre³

Highly economical, only one dose is required to provide effective hand cleansing. Provides over 30% more washes and uses 36% less product compared to lotion soap. With the foam format, there is no need to pre-wet your hands to activate the soap compared to lotion soaps. The surfactant is already activated*

³ Compared to lotion soaps independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption by as much as 45% when using a modified hand wash approach of dispensing soap on dry hands and turning the tap on only when rinsing off (SC Johnson Professional Sponsored Study: How a simple change in the washroom can significantly reduce water consumption and associated costs. Durrant and McKay, 2011).

HAND WASH

All of our healthcare products are designed for use with our unique dispenser systems. These dispenser systems are easy to use and maintain, ensuring the right products can be located in the right place for use at the right time.

Clear colour coding provides instant visibility on the product inside the dispenser for correct usage.

GUARANTEED FOR LIFE
Proline Manual dispensers are warranted for their lifetime. Warranty applies only in Canada and to dispensers solely using SC Johnson Professional products. Registration required. Other terms and conditions apply: warranty.scjp.com.

SC Johnson Professional Dispensing Systems

A unique range of closed, sealed cartridge dispensers for use with all SC Johnson Professional skin care products.

Sealed Systems
'fresh' product is dispensed every time

Optimal Dose
delivers right amount to prevent over-use

Lockable
stops unauthorized access

Collapsible Cartridges
minimize product residue and waste

Wipe Clean Surfaces
quick and easy to maintain

Non-Drip, Non-Clog
leave no mess

Convenient
empty cartridges are easily replaced in seconds

HEALTHCARE POINT OF USE MATERIAL GUIDE

A range of innovative compliance materials ranging from Sanitizing Boards, Dispenser Surrounds and Posters to help drive awareness amongst residents and visitors.

**PROTECTING
THE PATIENT,
CAREGIVER, AND THE
HEALTHCARE
ENVIRONMENT**

Driving Compliance
through our
6-Stage Plan

1

SURVEY

Review products - location and condition - accompanying signage to assess current hand hygiene infrastructure

2

BENCHMARK

Measure current hand hygiene compliance and skin health to create the baseline for comparison

3

REFURBISH

Update products and signage to improve hand hygiene infrastructure based on data collected

4

TRAIN

Reinforce product use guidance and technique to deliver best practice

5

SUPPORT

Provide continuous learning and feedback to promote high standards

6

EVALUATE

Re-measure hand hygiene compliance and skin condition against the benchmark to establish outcome and next steps
