## The World's Only Heavy Duty Power Foam Hand Cleaner with Grit

Solopol® GFXTM is a unique hand cleaner that quickly and effectively removes heavy duty oil, grease and general industrial grime from your hands, without leaving them feeling dry, rough or cracked. The pleasant instant foam lather immediately starts working and rinses away quickly and easily without clogging drains. The rapid and powerful deep-cleansing action, combined with excellent skin feel during and after use, ensures high user satisfaction.

### Cleans Better

One application (2.8mL) of Solopol® GFXTM outcleans up to 3 applications (6mL) of traditional pumice based hand cleaners.<sup>1</sup>

### Feels Better

Does not contain petroleum distillates or pumice. Clinically proven to be non-irritant and kinder to the skin. Does not contain petroleum distillates or pumice. Awarded with the quality seal ECARF<sup>5</sup> and is ideal for persons suffering from allergies and suitable for sensitive and eczema-prone skin. In end user testing, 78% of workers described their hands as feeling smooth and cared for after using Solopol® GFX.

### Saves Money

One push delivers the optimum amount required for an effective hand wash, providing over 43% more hand washes and lasts nearly twice as long when compared with traditional hand cleansers. Accordingly, this reduces cartridge change-outs and storage space.

### Cleans Faster

In end user testing, 80% of workers described Solopol® GFX as cleaning their hands fast or very fast; this compares to only 55% of people describing their existing cleansers as being fast or very fast.

### Environmentally Responsible

USDA BioPreferred, UL ECOLOGO<sup>®4</sup>, GECA Certified<sup>6</sup> and Green Seal<sup>®</sup> certified<sup>3</sup>

### Certified by HACCP International<sup>7</sup>

Certified by HACCP International as being suitable for use in facilities that operate a HACCP based food safety programme (Food Zone Classification SSZ) when used as directed.

### Solvent-free Formula

Specially formulated with mild, skin friendly ingredients to provide the same level of cleaning performance normally associated with solvent based products. Contains cornmeal to give a deep clean. The scrubbing agent is easily rinsed away, preventing blocked drains and pipes.

<sup>1</sup> Based on laboratory testing, industrial surveys and end-user trials vs. competitor 1 and 2 heavy duty cleaners, SC Johnson Professional 2017.

<sup>2</sup> Based on 2.8mL per application of Solopol® GFXTM vs 6mL per application of competing heavy duty cleaners.

<sup>3</sup> Green Seal® 41B Certified - This product meets Green Seal® Standard GS-41B for Hand Cleaners for Industrial Use. The Green Seal certification represents compliance with criteria designed to achieve leadership levels in sustainability by meeting requirements for product performance, human & environmental toxicity, and product packaging and labeling. For more information and to view the specific standard, visit GreenSeal.org.

<sup>4</sup> ECOLOGO® Certified - Product certified to ECOLOGO UL 2784 Standard for Sustainability for Hand Cleaners for reduced environmental impact. This standard sets metrics for environmental and other criteria, including: materials and packaging; human health and environment; and product performance and labeling. For more information and to view the standard, visit ul.com/el

<sup>5</sup> ECARF Certified - This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. For more information go to <http://Ecarf-siegel.org/en/about-seal>.

<sup>6</sup> GECA Certified - This product complies with Personal Care Products standard (PCPv4.1i-2013), GECA Standard which can be read at [www.geca.eco](http://www.geca.eco). GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the trade mark are certified environmentally preferable by GECA.

<sup>7</sup> HACCP International Certified - This product and the dispensers it is to be used with have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.
